

Candidate Details

Ballot paper name

WALMSLEY, Mike

Candidate name

John Michael Scott WALMSLEY

District

Shire of Waroona

Nominating for

Councillor for Shire of Waroona

Election type

Ordinary

Enrolment status

WALMSLEY, Mike is eligible to stand for election as a resident of the Shire of Waroona.

I believe capable and responsible Local Government takes considerable energy and passion. It is a culmination of serving the community in a dedicated and diligent manner and respecting the views and issues that are presented almost on a daily basis. Sound financial management is at the foundation of any council and any decision that is taken must be guided by thorough planning and forethought. I personally have had the privilege of living in Waroona all my life with my family on our farm. I have served on council for many years and I am respectfully asking for your support in this election to continue to serve my community. The role of a councillor takes on many facets and I believe that stability in local government combined with effective working relationships and competent administration staff has proven to show productive governance for our Shire. I sincerely hope you will support me to help continue to build a culture that is connected and encourages our community to flourish.

Additional Information

I am connected to many parts of this wonderful community through 17 years on council and over 22 years of voluntary board commitment at Quambie Park, our aged care facility. I have also volunteered for many decades for the Waroona Agriculture Society and junior sport. Combined with council duties, I currently serve on the Peel Development Commission and Chair the Peel Alliance which is a gathering of all the local governments in the peel region combined with social and environmental groups. I have served as a volunteer bush fire fighter for 10 years and currently serve on the Local Government Grants Committee as a representative of the Western Australian Local Government Association. I am also the deputy chair of the WALGA Peel zone. I have an interest in the local hardware store and operate a beef cattle enterprise on our farm in the shire. Apart from this I occasionally drive a coach for a tour company that specialises in over 55 aged groups across WA and enjoy bringing visitors through our shire to show off our assets and utilise local businesses for meals.
