## PISCONERI, Dion

I was born and raised in Waroona and am now raising my own family here. I started my working career locally by completing an automotive electrical apprenticeship, which led to working for a number of different local companies including running my own business. My family and I have been heavily involved in the basketball club for many years, and I enjoy the interaction with community members of all ages. Having a young family I am keen to become more involved in Waroona's future projects, whether it's creating a more vibrant town centre, creating business opportunities, improving tourism or most importantly combining all these fundamental projects to bring more people to the area.
